I'm too fast for you  
I'm old but You can ask me  
I'm too smart for you

Don't be obsessed by my loneliness  
I'm what I am because I want to be it  
I want to know everything  
and I don't need your help and I don't ask you for my team

Are you ready to come on my side?  
Are you ready for my world?

But I can see without eyes  
I do not need anything,

I feel and understand senseless  
I command and decide,  
I've got my mind  
You ask and stay at my wishes  
See my sword,  
you fear my balance

I am what you fear,  
but I am what you need

Call me, Call my name again

I'm here and I see all in another way  
I'm here 'cause I want to stay

I'm what you want I'm here and away

You have to change your point of view  
Only in this way you can understand me  
And see you inside my only eye

I see  
everything  
I know  
everything

I'm here and I see all in another way  
I'm here 'cause I want to stay

your soul can breathe here
